Facilities

Federal Equipment is headquartered in Cleveland, Ohio with more than 600,000 square feet of warehouse space. Federal Equipment uses strategic partnerships to extend its inventory to both coasts of the US, as well as Europe, Asia, and South America.

Major Products/Services

Federal Equipment buys and sells high-quality, used pharmaceutical process and packaging equipment. The company is particularly experienced in managing equipment used in chemical, API, and plastics industries and provides a dedicated pharmaceutical building, for equipment needing to be stored in a dirt-free environment.

Federal Equipment provides a wide-range of investment recovery services including auctions, liquidation, consignments, removal, global transportation, and logistics support.

Markets Served

Federal Equipment serves any market requiring high-quality, used equipment. Industries in which Federal Equipment is particularly experienced include:

- Pharmaceutical Applications such as a Solid Doser, Aseptic, Liquid, and Powder Processing
- Pharmaceutical Packaging
- Food and Beverage
- Nutraceutical, Cosmeceutical, and Consumer Health Care
- Animal Health
- Fine chemical, API, and Excipient, Manufacturers
- Plastics Rubber and Related Industries
- Specialty Chemical Manufacturing
