# Catalent Pharma Solutions

### Corporate Description

Catalyst + Talent. Our name combines these ideas. Catalent is the global leader in development solutions and advanced drug delivery technologies, providing worldwide clinical and commercial supply capabilities for drugs, biologics, and consumer health products. With over 75 years serving the industry, we have proven expertise in bringing more customer products to market faster, enhancing product performance, and ensuring reliable product supply. We serve thousands of innovators, both established and emerging, in over 80 markets, including 49 of the top 50 pharmaceutical and 41 of the top 50 biotech companies. Our team of over 1000 talented scientists has supported more than half of innovative drug and biologic approvals since 2004, and we have more than 450 active development programs for new customer products. We have 18 development teams in 10 markets. Our 25+ global sites serve over 1000 customers in over 80 countries supplying more than 60 billion units annually. Our significant intellectual property includes over 1400 patents and patent applications.

Whether you are looking for a single, tailored solution or multiple answers throughout your product's lifecycle, we can improve the total value of your treatments—from discovery to market and beyond.

Catalent. More products. Better treatments. Reliably supplied.™

### Development

With our broad range of expert services—including analytical, biologics, pre-formulation and formulation—we drive faster, more efficient development timelines and produce better products. Our robust GPEX® mammalian cell line engineering technology accelerates large molecule drugs from discovery to clinic and our unique Optiform™ technology ensures maximum API

optimization. With our deep expertise and our extensive formulation capabilities across a wide range of dose forms, we can solve even the most complex bioavailability, solubility, and permeability challenges.

### Delivery

We are a world leader in drug delivery solutions with a proven track record of helping our customers create better treatments by boosting bioavailability, solubility, and permeability; improving ease and route of administration; and increasing patient compliance. Our unique delivery technologies—including RP Scherer softgel and OptiShell™ capsules, Zydys® fast-dissolve, controlled release, including OSDRC® OptiDose™ flexible dose delivery and OptiMelt™ hot melt extrusion, as well as inhaled and injectable dose forms—improve how products work in and for patients.

### Supply

We reliably supply our customers through operational and quality excellence, and we have regulatory inspection results exceeding the industry average. As a seamless extension of your supply chain, we offer global, integrated manufacturing and packaging solutions to take your product from design to clinical trial to plant and to pharmacy. We manufacture oral, sterile, and inhaled dose forms and produce biologics for pre-clinical and clinical studies.
